

GTT Honored by Cradlepoint, part of Ericsson, as Managed Service Provider Partner of the Year

Recognized for outstanding performance and year-over-year growth

Arlington, Va., July 30, 2024 — [GTT Communications Inc.](#), a leading global provider of secure cloud networking solutions for multinational organizations, announced that [Cradlepoint, part of Ericsson](#), the global leader in cloud-delivered LTE and 5G wireless network and security solutions, has recognized it with the Managed Service Provider Partner of the Year Award. Presented at Cradlepoint's 2024 Global Partner Summit, the award recognizes outstanding performance, commitment to customers, and significant achievements over the last year. Each recognized partner has demonstrated exceptional year-over-year growth and a continued commitment to positioning and selling Cradlepoint's entire portfolio of wireless and security solutions.

"GTT is proud to be recognized by Cradlepoint as their Managed Service Provider Partner of the year," said Fletcher Keister, Chief Product and Technology Officer for GTT. "Cradlepoint is an important technology and connectivity partner for GTT. Customer adoption of wireless access for primary and backup network connectivity is increasing, and Cradlepoint's portfolio expands our options for connecting our global customers; when, where, and how needed."

With [5G](#), companies can securely and efficiently connect new locations, create agile environments, and digitize business easily throughout all their locations. GTT customers are deploying [broadband wireless technologies](#) across many business cases including as underlay for their [SD-WAN](#) deployments, primary internet access replacing traditional wireline and for backup to ensure business continuity. In all these scenarios, deployment times are reduced, streamlining connectivity across geographies, while simplifying and securing operations with integrated management from GTT.

"The expansion of Cradlepoint's portfolio has enabled our partners to create a wireless-first network practice while adding on value-added services such as security and remote management," said Steve Benvenuto, Vice President, Americas Partner Sales, Cradlepoint, part of Ericsson. "We are appreciative of all our resellers taking on new frontiers and creating unique practices that are accelerating LTE and 5G Wireless WAN. GTT has worked hard to receive this recognition."
